

2026 Great Lakes

Damage Prevention Conference & Expo

A CGA REGIONAL PARTNER EVENT
PRESENTED BY MISS DIG 811

Pat Goddard

Damage Prevention Liaison Supervisor, MISS DIG 811

Preparing for BEAD – Michigan’s Statewide Fiber Workgroup

Tues. 2/3

11:00 a.m.

Banquet Rooms 1 & 3

Pat has been with MISS DIG 811 since 2019 and currently serves as Supervisor of the newly developed Damage Prevention Liaison Department. In this role, he continues to oversee the Upper Peninsula region and manages the Marine Design/Dig Ticket program for the State of Michigan. Pat also contributes nationally as a member of the National Pipeline Task Force Board and the CGA Best Practices Committee for submerged facilities.

With over 30 years of experience in excavation and construction, Pat’s background includes work with municipal public works, commercial excavation, steel construction, and naval shipyard operations. His extensive industry knowledge and commitment to safety make him a trusted leader in damage prevention.
