Saul Lopez

Vice President of Business Development, Pipe View America

Cross Bore Best Practices for Mitigation and Damages

Tues. 2/3

11:00 a.m.

Meeting Rooms 101 & 102

Mr. Saul L. Lopez is Vice President of Business Development for Pipe View America since February of 2023, and is responsible for increasing the organization's brand recognition and business growth, and for creating mutually beneficial and lasting relationships with clients across the U.S.

Mr. Lopez retired from the WEC Energy Group after 30 years of service. His last assignment prior to retirement was the role of Director for Gas Asset Management for Peoples Gas and North Shore Gas in Illinois -both subsidiaries of the WEC Energy Group. In that position, Mr. Lopez provided leadership to teams responsible for emergency response, transmission operations, pipeline integrity, pressure control, corrosion control, and damage prevention. As a utility professional, Mr. Lopez's values center on continuous improvement, financial discipline, customer satisfaction, and employee and public safety.

Mr. Lopez volunteers his time and talents to organizations that focus on our communities, industry, or professional development. At present Mr. Lopez serves on the Trenchless Safety Committee of the Distribution Contractors Association, and on the Best Practices Committee of the Common Ground Alliance. On the past he has served as board director and treasurer of the Special Children Charities, the largest provider in Illinois of athletic participation, social engagement and growth opportunities for children and young adults with intellectual disabilities.

Mr. Lopez is a Chicago native and has a Bachelor of Science in Mechanical Engineering from the University of Illinois at Chicago, and a Master of Science in Engineering Management from the Milwaukee School of Engineering.
