Tony Risher is an Area Manager for USIC, bringing over 20 years of experience in utility locating and field operations. Throughout his career, Tony has built a strong reputation for leadership, safety, and operational excellence, helping teams perform at a high level while delivering reliable service to clients and communities.

Tony studied at Grand Valley State University, where he developed a foundation that continues to support his professional growth and management approach. His extensive industry knowledge and hands-on experience make him a trusted leader within USIC.

Outside of work, Tony enjoys hunting, camping, and boating with his family, making the most of time spent outdoors. He has been happily married to his wife Amy for 25 years, and together they are proud parents of four wonderful children.
