In preparation for the 2022 EEP mailing, MISS DIG staff made changes to the list of excavators throughout the year based on feedback from Members, membership rosters, and excavators. Contacts from 2017 and 2018 were removed from the list to reduce the number of obsolete entries. In September 2021, excavator contact information was retrieved from MISS DIG 811's Newtin long-term server. In March 2022, excavator contact information was retrieved from OCA's list of users. The contact lists from Newtin and OCA were added to the list of excavators. The list was reviewed, duplicates and incomplete entries were removed, and the remaining entries were added to the EEP excavator list from 2021.

41,876 contacts were emailed MISS Dig 811 Excavator Education Program Handbook with PA 174. 5611 contacts were mailed the MISS DIG 811 Excavator Education Handbook (without PA 174).

The 2022 EEP list was formatted with a cover page, procedures pages with printing receipt, a list of Michigan county codes, and the EEP list of excavators/stakeholders and is available upon request.
