Reports

Contact the Member Services Department for data that cannot be retrieved through the DamagePreventionPortal. We will use resources at our disposal to retrieve and present a customized report. Quotes will be provided before the work is completed.

If you are simply looking for an expired ticket, or ticket you did not place or that is not associated with your stations, please place a Research Request.

Quotes for reports are based off the following fees:

- Ticket count by station (for any period six months or less): \$13.50 per ticket type
 - List of related ticket numbers in addition to the report: \$18.00
- Specific Positive Response statistics by station (for any period six months or less): \$37.00
 - List of related ticket numbers in addition to the report: \$18.00

Research Requests

Per Section 6 (4) of PA 174 of 2013, MISS DIG 811 maintains an archive of locate requests (tickets) for six years. The MISS DIG 811 Administrative Office will, for a fee, search the archived requests. Please expect one to two weeks' turn-around after payment is received.

To expedite the research process, please provide as much information on the work location as possible. If a portion of the information on the request form is not provided, thorough research may still be performed if the location of the work is given. Please do not assume that MISS DIG 811 will know the location of an address or a county in which a city, village, or township is located.

Research fees are based on records pertaining to one job and cover the cost of preparing the documents. For \$96.30, you will receive a copy of the ticket and, upon request, a voice recording of the ticket if placed over the phone. Please note that voice recordings prior to 2022 are currently unavailable at this time.

Research Requests are included in the Facility Owner/Operator, Contract Locator Associate, and Vendor Associate memberships.
