

## MISS DIG 811 Annual Meeting 2023

MISS DIG 811 will once again host a two-day Annual Meeting filled with extraordinary sessions including training and collaborative opportunities at the Soaring Eagle Casino. The event will be held Tuesday, January 17<sup>th</sup> and Wednesday, January 18<sup>th</sup>.

Take a few moments and check out all of the sessions available including the numerous sessions offering Continuing Educational Credits. Many sessions offer attendees 2 / .2 continuing education units (CEUs) up to 16 / .16 (CEU) for wastewater, drinking water, and residential builder. A complete list of sessions and schedules can be found in the Annual Meeting Program to the left.

## Pelican Updates

OneCallAccess (OCA) updates are expected in the first week of January. Watch for a message on the home page of your OCA account when the update occurs. A full list of changes will be displayed on the Excavation Pro's Reference Material page on the MISS DIG 811 website at that time as well. Some of the changes include:

Blank Street Field	The Update will prevent tickets with blank fields to be submitted.
Copy Action	The copy action makes it convenient to duplicate ticket information for the purpose of creating a new ticket. Since the tickets do not need to be related to the same job to use the copy action, the polygon will no longer be copied onto the new ticket.
Onsite Contact Company Information	The onsite contact company was resetting when a ticket was being retransmitted. After the update, the system will duplicate the Onsite Contact Company Info from the original ticket to the new version.
User Settings	The update will fix a bug that was preventing the user settings from being prepopulated onto a ticket.

## OneCallAccess Forum

The OCA Forum topic for January is:  
**Back to Basics**  
 January 25th at 9:00 AM

Back to Basics will review resources and training for excavators and explain the settings, messages, and user-profile features of OCA.
