

Final Edition

In The Trenches would like to thank all our members and excavators who have followed the newsletter over the past few years. We greatly appreciate your support. In The Trenches may have printed its last edition but our newsletter is far from done. MISS DIG 811 is happy to announce that we will now publish two free digital newsletters to better serve our members and the excavation community:

JANUARY, 2024 VOL. 1

'The Excavator' will dig into topics that the excavation community deals with at the job site, and the excavation law of Michigan - Public Act 174

THE **MISSDIG811** MEMBER OUTREACH

JANUARY 8, 2024

ISSUE 1

'The Member Outreach' will cover issues that our members contend with and include information on upgrades to the PelicanCorp System that will affect how tickets are placed and responded to.

The inaugural issues will be published in January 2024. If you would like a free subscription to receive either issue or both, please click on the tab below to contact Educational Specialist Pat Goddard. Include your name, email information, company, and which newsletter you would like to receive. See you in the news.

MISS DIG 811 Newsletters

Know what's below.
811 before you dig.
