

# CONTRACT LOCATOR ASSOCIATE MEMBERSHIP

**MISS DIG 811 ASSOCIATE MEMBERSHIP SUPPORTS THOSE WHO SUPPORT OUR MEMBERS.**

This membership is for third parties who receive tickets directly from MISS DIG 811 and/or manage MISS DIG 811 responsibilities on behalf of facility owner/operator members that may also require direct access to the system to post to Positive Response. This membership also includes all associated DamagePreventionPortal user accounts, in addition to the benefits of Vendor Associate Membership.

The annual fee for Contract Locator Associate Membership is \$550.00, plus \$97.20 for each facility owner/operator member delegated to your account.

**WHAT IS THE COST OF MEMBERSHIP?**

**PRIVATE LOCATE ADD-ON:** If your organization locates private underground facilities, you can elect to receive tickets placed by parties interested in being contacted for private locate services. MISS DIG 811 can limit these private locates sent to you through use of a specified Area of Interest (AOI) layer. In addition to the annual Contract Locator Associate Membership fee, the unique station used for receipt of private locates will incur an annual transmission fee.

Begin your onboarding process today by completing the Contract Locator Associate Membership document located under *New Member Paperwork* at [resources.missdig811.org](https://resources.missdig811.org).
